SAMPLE PROJECTS:

- **Wanderlust**
  https://wanderlust-adventure-awaits.netlify.com/index.html
  This project was my first build week project. I used HTML, CSS, and LESS.

- **Nasa Photo of the Day**
  https://npod.netlify.com/
  Used the NASA API to fetch the "Astronomy Photo of the Day". I built components with React.js. I styled the app using the Styled-Components library.

- **Single Page App**
  https://singlepageapp-lambda.netlify.com/
  Used React.js to display data from three API endpoints. Used Semantic-UI for styling.

- **React Todo List**
  https://react-todo-l9nvethuu.now.sh/
  Used React.js to create a todo list that has the functionality to add, mark complete and remove completed todo items.
